# STOCK EQUIPMENT

WARE Offers New/Used Equipment In Stock

## BOILER INFORMATION

Manufacturer Eclipse  
 Year 1980  
 Type High Temp. Hot Water  
 Capacity 250 HP  
 Pressure 950 PSI  
 Burner Eclipse PR-C Special

## CONNECTION SIZES

Main Steam N/A  
 Natural Gas N/A  
 #2 Oil 3/4" (tank w/ fill cap)  
 Feedwater 3" Supply/Return  
 Bottom Blowdown N/A  
 Continuous Blowdown N/A

## FUEL CONSUMPTION

Natural Gas N/A  
 #2 Oil 120 GPH

## CONTROLS

Honeywell 4140L 1014

## ELECTRICAL POWER REQUIREMENTS

480v, 3ph, 60Hz

## EMISSIONS DATA

NOx .2# / mmBtu  
 SO2 0# / mmBtu  
 CO .15# / mmBtu  
 PM

## BOILER OVERALL DIMENSIONS & WEIGHT

Length/Width/Height 540" / 96" / 162"  
 Shipping Weight ~40,000 lbs  
 Operating Weight

## ADDITIONAL INFORMATION

RB-415 2-pass, dry back, hot water boiler, Model # 400 2 1/2 HOLTWPOL, capable of producing 175 gpm of hot water with an 80 psi pressure drop; temperature range is 300°F inlet & 350°F outlet with controls capable of operating at a max 600°F. ASME Section I shell, 632 sq ft of heating surface. Burner capable of 2.5:1 turndown ratio. Unit fully contained with a Fruehoff trailer. Requires 2 100# bottles of nitrogen to be hooked up at all times.

The boiler is offered with a one (1) year parts and motors warranty (less labor) and the pressure vessel is guaranteed to pass an ASME inspection.
